Undergraduate Residential Student Staff
Terms and Obligations of Appointment
2020-2021

Undergraduate Residential Student Staff Role
Undergraduate residential student staff (“student staff”) play a critical role in the creation of safe, inclusive residential communities that support student health and well-being and promote personal and intellectual growth. Student staff are expected to be role models for responsible behavior, personal integrity, and the exercise of mature, sound judgment in their interactions and relationships with residents. Student staff serve as members of a team; are expected to work closely and maintain regular communication with their Resident Fellow(s) (if applicable), Residence Dean, and Community Coordinator throughout the duration of their appointment; and are ultimately accountable to an Associate Dean in Residential Education. Student staff have responsibilities in five broad categories related to the residents and communities they are appointed to serve:

1. Promote Health, Safety, and Well-being
2. Promote and Model Equity and Inclusion
3. Foster Community and Belonging
4. Advance Personal and Intellectual Growth
5. Fulfill Operational and Administrative Obligations

The full obligations of the student staff roles are covered in greater detail in the Role Descriptions.

Undergraduate Residential Student Staff Appointment
The student staff appointment begins at the start of the Autumn Quarter of the academic year in which student staff will serve in residence. Training and other mandatory meetings will be required in the spring and summer prior to the start of the appointment. The appointment concludes at the end of the academic year in which student staff served in residence.

These terms and obligations and the associated policies remain in effect throughout the duration of the appointment. Residential Education and Stanford University reserve the right to enact changes to the student staff terms and obligations and the associated policies at any point from the time of application and throughout the duration of the appointment.
Adherence to Policy and Law

Student staff must support, adhere to, and comply with any reporting obligations required under the law and University-wide policies including but not limited to the Fundamental Standard and the Honor Code; the Student Alcohol Policy and the policy on Controlled Substances and Alcohol; the policies on Prohibited Sexual Conduct, Sexual Harassment, and Consensual Sexual or Romantic Relationships; the policy on Violence in the Workplace; the policy on Smoke-Free Environment; the policy on Non-Discrimination; the policy on Political, Campaign, and Lobbying Activities; and all policies contained in the Residence Agreement and the Administrative Guide.

Reporting Obligations

Under the terms of the Clery Act, student staff are Campus Security Authorities (CSAs) who are required to report certain incidents to the University for purposes of compliance with federal and/or state law.

Student staff must follow the instructions contained in Residential Staff Notification Requirements for Crimes & Incidents. This document details incidents that require reporting and provides information on how to file a report with the appropriate individual or office.

Student staff must report all potential violations of University policy and the law to the appropriate office and/or division as outlined in the student staff reporting requirements, in student staff training, and in the student staff guidelines. Student staff must cooperate fully in any investigation of potential violations of University policy and applicable rules, laws, or regulations, including by providing all requested information in its entirety and participating in any related hearings or disciplinary processes.

Student staff must inform Resident Fellow(s) (if applicable) and cognizant or on-call Residence Dean about students in distress or in need of support following the Residential Education student staff guidelines.

Student staff may not serve in other roles at the University (whether paid or voluntary) that have reporting obligations that conflict with the student staff role, including any role that requires confidentiality of personal identifying information (e.g., peer counselor for The Bridge Peer Counseling Center, EMT for Stanford Emergency Medical Service, etc.).

Residential Education reserves the right to make changes to the undergraduate residential student staff terms and obligations of appointment at any time without prior notice. Furthermore, reporting obligations under the law may change at any time. If there are relevant changes to
current laws, policies, or practices, Residential Education will communicate the changes to student staff and train and support them as necessary.
